

## **COMMUNITY SERVICE PROGRAM**

**Your community service project is a project where you find someone or an organization and create a project for them. This could be a church, school, club, music group, parent, family member, friend, or business. This must be a real person or organization you are helping. They will be your client. THEY COULD PAY YOU OR TIP YOU FOR YOUR WORK!**

**You must create something that helps them with each program that asks for a community service project. I will need their name and phone number if/when I decide to check up on your work. This is how you begin to develop client relationships and get your name out there! YOU CAN START YOUR OWN PRODUCTION COMPANY WITH THESE PROGRAMS! THIS IS THE REAL DEAL! EVERY BUSINESS NEEDS THESE SERVICES!!!**
