

Studio Recording

In your groups, you are to write and create a song to record in the studio. The song may be a rap song or singer/song writer. The song must be at least 3:30 in length. Cussing, vulgar, or suggestive language is not permitted. If you are uncertain of certain lyrics be sure to ask before you count on recording them.

- Your group has (2) days to record the work in the studio
- Make sure you practice
- You may not get people from other classes
- This must be done during your class period

Steps AFTER learning the equipment

#1 Write your lyrics

#2 Practice your part or instrument (The studio is NOT A PRACTICE SPACE)

#3 Record your work in Cubase 5 in the studio

#4 Mix your recording

#5 Mixdown your recording and email it.

YOU WILL HAVE TO PASS A TEST TO RECORD IN THE STUDIO. IT IS EASY...JUST TAKE GOOD NOTES. YOU MUST DEMONSTRATE TO ME THAT YOU ARE TRUSTWORTHY AND UNDERSTAND THE EQUIPMENT. THIS HAS TO HAPPEN BEFORE ANY RECORDING TAKES PLACE.
