

Artist Vignettes

You are to reassemble my Artist Vignette.

- * Use the Voice Over (Me talking & edit it to the script)
- * Use the Talk Over Beat
- * Use the Leif Vollebekk Interview (Edit it down)
- * Use the song Elegy (Just the first minute of it)

Refer to the example of mine in the way it should sound and be assembled.

Watch your audio levels. I will be looking for “clipping” and making sure I can hear everything clearly.
