

GETTING TO KNOW YOUR CLASSMATES

With another classmate you are to interview them and find out interesting information about them.

Answer the questions below and take notes so you can tell the class about the person you interviewed when it is your turn to present the information. Be prepared when it is your turn to present. Practice what you are going to say and speak up so we can all hear you! I am not really looking for comedy here. I am interested in more of an honest approach to the questions.

You may use Microsoft Word to take notes or use your phone.
