

### **IN CLASS PERFORMANCE**

In groups of no more than (3) you are to create a performance for the class. This performance needs to be at least 3:30 in length and everyone in the group needs to have something to do that is notable. What I can provide are: drums, mics, PA system for vocals, guitar, and bass amplification, and an acoustic guitar. If you need anything beyond that, you will need to bring it.

- Take your performance seriously (no laughing or quitting during the performance)
- Make sure it is at least 3:30 long
- You must memorize all parts

This will be an individual grade as part of a group. If a group member does not perform well or decides not to perform, your grade will not be affected.
