

## REAL ESTATE BROKER

You are a new real estate broker and you need to design your brand. It will be seen on all of your yard signs, business cards, web ads, and in publications. You realize you need to take a high quality photo and create a logo for your independent business. Take a look at the examples below and create something in the “spirit of.” You will need:

- To make a logo using Illustrator
- DRESS FOR THE Photo to look professional
- Take a photo using the background, Canon camera, and the lights. Take multiple shots to have some to select from (medium, close-up, wide shot)
- Craft your project using Photoshop
- Turn in the JPEG/PNG to CANVAS
