

You have been contacted by “Sandra’s Bakery” to make a logo for their start-up bakery operation. Sandra doesn’t have a clue what she wants and could be a difficult client to work with. She has asked to have 3 different selections to select from. Your job is to:

1. Hand draw 3 different logos to the best of your ability. The sketch will be asked for.

20 POINTS

2. Use Adobe Illustrator to create 3 different logos based off of your 3 sketches. Include them in Black and White as well!

20 POINTS

3. Save each logo as a JPEG.

20 POINTS

4. Ask Sandra’s graphic consultant, Mr. White, to view your logos. Remember that Sandra is very picky so her consultant might be too!

20 POINTS

5. Upload all 3 logos including the 3 sketches and 3 Black/White to GOOGLE CLASSROOM. TOTAL OF 9 FILES!
