

Street Performance

In your groups of 3, you are to create a “street-type” performance using a bucket and sticks. This needs to be a show of some sort...not just beating on a bucket. You must have this organized. You may bring in your own instruments if you wish. Please watch the example video of one that was done. You will perform this for the class and certain ones will be recorded.

Grading: (2 Grades)

Each individual will have to have a significant part to stand out.

Each individual must contribute for the whole performance.

HAVE FUN!!! BE CREATIVE!!!!!!
