

In your groups you are to create a radio show called, "The List." This show is one which will require research on the topic you choose to discuss, though music, conversation, and interviews. "The Top 10 songs to dance to," isn't what we are looking for. You will need to choose an issue to discuss. I have an audio example of an A- show to listen to below.

YOU WILL NEED:

You will need to choose 14 songs from the Project 90 Library which I will give you. I will need (Track #, Artist, and Title) **DO NOT** PRINT THIS LIST. IT WILL TAKE 30-40 PAGES. **DO NOT** REPEAT THE SAME ARTIST OR GROUP.

You will need to record 8 total talk breaks including the show opening and closing of at least :45 each. Try to keep it at :45

You will need 6 pieces of audio including interviews outside of class to add to your talk breaks to SUPPORT your conversation to total the :45 BREAK completion. YOU DO NOT NEED AUDIO ON THE OPENING AND CLOSING.

MAKE SURE YOUR HOUR TIMES OUT AS CLOSE TO ONE HOUR AS POSSIBLE. PLEASE CHECK THE LENGTH OF EACH TRACK AND FIGURE OUT THE REST BY SUBTRACTING THAT OUT. YOUR GOAL IS TO HAVE A ONE HOUR SHOW. IF YOU FIND IT RUNS WAY OVER PLEASE SEE ME FIRST.

When you have completed all 8 opportunities, please email me the voice tracks which include your extra audio that you recorded. Send 2 emails with 4 breaks in each due to file size. Include a typed copy of your script and the order of songs. Make sure to CLEARLY LABEL EACH BREAK AS (Opening, break #2, break #3, break #4, break #5, break #6, break #7, Closing)

I will arrange the music around your breaks and include any extras.

This is worth (8) grades

Each grade is tied to each of the 8 breaks.

:45 of clear and concise communication with external audio to support your issue? Was each emailed in correctly with your script emailed in as well?

I am also looking at your group agreement for member participation

I WILL PROGRAM THIS TO STREAM LIVE AT ENLOERADIO.COM IN THE EVENING AFTER 5PM
