

YOUR MUSIC ALTERNATIVE LOGO

My radio station, “The Music Alternative” is in need of a new logo. The name is switching to “Your Music Alternative.” The station can be located on tunein.com. Search “The Music Alternative. It is also available on the free tunein app in your app store. I am your client and will be picky about the logo. I want each developer (you) to give me 3 to select from. A prize will be awarded to the selected developer if the logo is super crispy!

- Size of the logo needs to be 1200X1200 (figure out how to size if you don't know)
- Colors I like are: Orange, Black, White, and Yellow
- Needs an “edgy vibe” to it
- Create your own unique shapes
- Needs to be exported as a JPEG or PNG file
- I will have the final stamp of approval on the logo.
